

Full Reference List

Client	Tender Name
Under Execution	
Jordan Water Company (Miyahuna)	Supply of 2-inch Gate Valves
Jordan Water Company (Miyahuna)	Supply of Hydrostatic Liquid Level Meter
Jordan Water Company (Miyahuna)	Supply of Gate Valves
UNHCR, Amman MENA Bureau (started 2025)	Maintenance and Minor Construction Services, 2-years contract
World Food Program (started 2022)	Operation and maintenance for 189 kWp solar system at WFP Office/Amman
2022 - 2025	
Civil Aviation Regulatory Commission	Flight procedures design review for Queen Alia Int'l Airport, Amman Civil Airport, and King Hussein Int'l Airport
2025	
UNOPS, Amman Office	Maintenance of boilers, pumps, and valves
Jordan Aviation Company	Obstacle Limitation Surfaces Modelling and Assessment for Amman Civil Airport
2023	
Amazon Distribution Hub	1.75 MWp solar energy plant for Amazon JED3 Port, KSA
Jordan Atomic Energy Commission	1 year operation and maintenance of the weather station, air quality station, off-grid power plant and diesel-generator, located at Amra Palace
2022	
Aal Al Bayt University	2 years operation and maintenance for 3 MW solar energy plant
Civil Aviation Regulatory Commission	Upgrade of automatic message handling system for aviation
University of Jordan	Operation and maintenance for automatic weather station
2020 - 2021	
Aal Al Bayt University	2 years operation and maintenance for 3MW solar energy plant
University of Jordan	Operation and maintenance for automatic weather station
Water Authority of Jordan	Operation and Maintenance of Water Analysis Equipment, δ 13C analysis in DIC (liquids) and carbonates (solids)

Full Reference List

Client	Tender Name
2019 - 2020 - 2021	
Hashemite University	Structural Systems Laboratory equipment and devices, including but not limited to: Industrial Outdoor Shake Table 3*3m, integrated with 2 Hydraulic Pumps, Water Chillers and Controllers. Backhoe Loader, Industrial Structural Frame, Vibrating Table, Convection Oven, different types of Table Saws, Industrial Drills, Data Acquisition System with Strain Gauges, Potentiometers, Accelerometers and Transducers. Other items needed to complete the operation of the lab such as: tools, workshop equipment, molds, high strength bolts and starps
Isam Khairy Kabbani Glass Works Co., Jeddah - KSA	1.4058 MWP PV solar plant, EPC basis, net metering connected
Hashemite University	Engineering Faculty labs equipment
University of Jordan	Operation and maintenance for automatic weather station
United Nations High Commissioner for Refugees	Back-up contract, 2 years operation and maintenance of 5 MW PV power plant
2019	
Mutah University	Medical lab equipment
Jordan Meteorological Department	Barometers
Private Resident Extension - villa, Assalt	3.78 KWP PV solar plant, EPC basis, net metering connected
Private Resident Extension - villa, Amman	1.89 KWP PV solar plant, EPC basis, net metering connected
Private Resident - villa, Amman	4.73 KWP PV solar plant, EPC basis, net metering connected
2018	
Al Hussein Technical University	Mechanics and hydraulics lab equipment
Al Hussein Technical University	Construction technology lab equipment
Ministry of Water and Irrigation	Telemetric Water Resources Observation Network; Operation and maintenance of 145 stations
Ministry of Energy & Mineral Resources	Investment Opportunities in Renewable Energy Projects - Stage 3 // 100 MW wind energy - Pre-qualified
Al Hussein Bin Talal University, Ma'an	20 MW PV Solar Plant - 20 years PPA -- Under PPA Stage
Ramadan Mosque, Amman	22.68 KWP PV solar plant, EPC basis, net metering connected

Full Reference List

Client	Tender Name
2017	
Hussein Technical University	Basic Industrial Automation lab - Donation: <ul style="list-style-type: none">– Basic learning center kits– GROOV, Remote Monitoring and Controlling
Hussein Technical University	Advance Industrial Automation lab - Donation: <ul style="list-style-type: none">– Advanced and professional training kits– GROOV, Remote Monitoring and Controlling– Redundancy and networking applications– Energy monitoring unit kit
Hussein Technical University	Automatic weather station for researches purposes - Donation
Hussein Technical University	6 KWP off-grid photovoltaic system for education and research - Donation (3 systems - 2 kWp each: fixed tilt, single axis tracking and double axis tracking)
Hussein Technical University	Biology lab equipment - Donation
Private Resident - villa, Irbid	9.45 kWp PV Solar Plant, EPC basis, net metering connected
Jumha Mosque, Irbid	13.23 kWp PV Solar Plant, EPC basis, net metering connected
Private Resident - villa, Amman	9.45 kWp PV Solar Plant, EPC basis, net metering connected
Private Resident - villa, Amman	22 kWp PV Solar Plant, EPC basis, net metering connected
Irbid Specialized Hospital	SCADA System with GROOV Remote Monitoring and Controlling - Integrated with 0.8 MW solar power plant
German Jordanian University	SCADA System with GROOV Remote Monitoring and Controlling - Integrated with 2.11 MW solar power plant
Civil Defense Directorate	SCADA System with GROOV Remote Monitoring and Controlling - Integrated with 1.1 MW solar power plant
Al Hussein Bin Talal University	SCADA System with GROOV Remote Monitoring and Controlling - Integrated with 3 MW solar power plant
German Jordanian University	Automatic Weather Station - Integrated with 2.11 MWp solar power plant
Al Hussein Bin Talal University	Automatic Weather Station - Integrated with 3 MWp solar power plant
Irbid Specialized Hospital	Automatic Weather Station - Integrated with 0.8 MWp solar power plant
Chart General Contractor Co.	Solar lighting poles

Full Reference List

Client	Tender Name
2016 - 2017	
Irbid Specialized Hospital	0.8 MWp PV Solar Plant, EPC basis, net metering connected
German Jordanian University	2.11 MWp PV Solar Plant, EPC basis, net metering connected
Civil Defense Directorate	1.1 MWp PV Solar Farm, DBOT basis (43 months), wheeling connected
Al Hussein Bin Talal University	3 MWp PV Solar Farm, DBOT basis (10 years), net metering connected
2016	
International Center for Agricultural Researches in Dry Area (ICARDA), Egypt	Simultaneous Conductivity Magnetic Susceptibility Meter with Data Acquisition System
Hashemite University	SCADA System with GROOV Remote Monitoring and Controlling - Integrated with 5 MW solar power plant
Hashemite University	2 Automatic Weather Stations - Integrated with 5 MW solar power plant
General Directorate of the Gendarmerie Forces	Solar lighting poles
2015 - 2016	
Hashemite University	5.063 MWp PV Solar plant, EPC and O&M basis
Ministry of Water and Irrigation	Telemetric Water Resources Observation Network; Operation and maintenance of 130 stations
2015	
United Nations High Commissioner for Refugees	Supply and Installation of Electrical Works at Irbid Registration Center and Cyber City Camp
United Nations High Commissioner for Refugees	Emergency Rectification Works after Sudden Electrical Failures at Irbid Registration Office
Water Authority of Jordan	Water Analysis Equipment- $\delta^{13}C$ analysis in DIC (liquids) and carbonates (solids)
Ministry of Energy of Mineral Resources	35 kWp PV Solar System, EPC basis, net metering connected
2014	
United Nations High Commissioner for Refugees	Cabling Works in Irbid Office
United Nations High Commissioner for Refugees	Electrical Works in the Registration Office
United Nations High Commissioner for Refugees	Low Voltage Works in Irbid Offices, Registration Office, KAP and Cyber City
United Nations High Commissioner for Refugees	Electrical Installation of UPS Power Distribution

Full Reference List

Client	Tender Name
2014	
University of Jordan, Faculty of Engineering & Technology (Industrial Engineering Dept.)	Full automation lab - Basic learning center kits - Donation
Water Authority of Jordan	PV Water Pumping Systems
Ministry of Energy and Mineral Resources	35 kWp PV Solar plant, EPC and O&M basis
The University of Jordan	Electrical meters laboratory - Donation
The University of Jordan	Automatic Weather Station (Program of Master Degree in Climatic Environment)
Jordanian Royal Medical Services	Ultrasonic Nebulizer
International Center for Agricultural Research in Dry Areas (ICARDA), Jordan	Automatic Weather Station
2013	
Yarmouk University	Wireless Sensor Network Components
Jordanian Royal Medical Services	Portable Vascular Hand Held Doppler
The University of Jordan	Automatic Weather Station (Water, Energy and Environment Center)
The University of Jordan	Scientific Devices and Equipment
Aal Al-Bayt University	Anatomy and Physiology Laboratory Lab Equipment
Ministry of Education	4 kW Photovoltaic Solar System
Jordan University for Science and Technology	Photovoltaic Lab Equipment
2012	
Ministry of Water & Irrigation	Telemetric Water Resources Observation Network, Phase 3; Supplying, installation, commissioning, and maintenance of 30 stations
Ministry of Water & Irrigation	Telemetric Water Resources Observation Network; Operation and maintenance of 105 stations
BGR - Ministry of Water and Irrigation	Telemetric Water Resources Observation Network; Operation and maintenance of 11 stations at Al Disi (Ground water)
Tabuk University - KSA, Sensor Networks and Cellular System (SNCS) Research Center	Water Quality Station
Yarmouk University	Scientific Devices and Equipment

Full Reference List

Client	Tender Name
2012	
Amra Salts Factory	Control System for a New Production Line
Jordan University for Science and Technology	Science Labs Devices and Equipment
Ministry of Education, USAID	Biology Labs Equipment for 28 New Schools
Amra Salts Factory	Control System for a New Production Line
2011	
Ministry of Water & Irrigation	Telemetric Water Resources Observation Network, Phase 2; Supplying, installation, commissioning and maintenance of 35 stations
German Jordanian University	Electronic Circuits Lab Equipment
